

Form #TESTCOM (Rev. March 2007)
Testing and Commission Endorsement

Period of Insurance: 30 days
Deductible: \$25,000

Notwithstanding anything to the contrary contained in the policy it is agreed that this insurance is hereby extended to apply to physical loss or damage caused by electrical and mechanical breakdown, during operational or performance or hot testing or commissioning operations.

Without the prior consent of the Insurer, such testing operations shall be limited to the period of Insurance indicated above or until completion of such operations or until acceptance of the project, whichever occurs first.

Said testing operations may be carried out for the entire project or to individual components at different times, subject to the above term limitation applying to each such component.

Used or altered equipment is specifically excluded from coverage under this endorsement whether loss or damage due to testing operations is limited to used and/or altered equipment or not.

All other terms and conditions of this policy shall remain unchanged.
