

TYPES OF WATERCRAFT

Reference Guide

CRUISERS

- Vessels 27 feet in length or longer
- Valued over \$40,000
- Vessel has a kitchenette, toilet, and somewhere to sleep

SAILBOATS

- Sailboat may have one or more sails
- Sailboat must also have a motor
- The following types of sailboats are not eligible: catamaran, trimaran, wood hull.

SKIBOAT/ WAKE BOAT / V-DRIVE

- Vessel includes an inboard motor (but not jet drive)
- Often used for wakeboarding, water skiing, tubing etc
- Common manufacturers include Mastercraft, Malibu, Ski Nautique, Tige)

JET DRIVE – JET BOATS

- Jet Boats – fiberglass hull and a jet drive engine. Common manufacturers include Bombardier (SeaDoo), Yamaha
- River Boats – aluminum hull and a jet drive engine. Common manufacturers include Outlaw, Weldcraft, North River

BASS BOAT

- A fishing boat with flatter bottom and larger outboard motor. Can reach faster speeds and commonly has a metallic flake finish.

OUTBOARD BOAT PROGRAM

- Valued less than \$20,000 for the package (boat, motor, trailer)
- Must have an outboard motor
- Up to 115HP and max speed of 50mph
- Fiberglass or aluminum hull only (for inflatable hull, use Small Power Boat)

PWC (PERSONAL WATERCRAFT)

- For Seadoos, Jetskis etc
- For boats with jet drive engine, refer to Jet Boat

PONTOON

- A pontoon is made up of two (or three) large aluminum 'drums' which hold a flat deck and outboard motor.

SMALL POWER BOAT

- Small power boats (multi-standard) include a variety of smaller vessels not otherwise described, including small runabouts and inflatable hulls

HIGH PERFORMANCE

- Vessels capable of exceeding 60mph
- Refer all high performance vessels to your Premier Marine underwriter
